

A decorative laurel wreath border, rendered in white line art, frames the central text. The wreath consists of two branches of laurel leaves, one on the left and one on the right, which curve upwards and then downwards to meet at the bottom, forming a rectangular frame with ornate, scrolled corners.

HEADLINES

North River Future Farmers See Centers In Action

The North River Chapter observed FFA week by making a project tour of the boys' home projects. In the tour the first stop was at the home of James and Paul Michael. Here they observed a home farm shop being completed. It was a concrete building equipped with a forge, arc welder, portable cut-off, saw, jointer, grinder, and power drill, and the necessary tools to do most farm repair jobs.

They plan to add tractor maintenance equipment for two tractors were being repaired at the time of the visit. The father said the boys were learning the skills they will need in the home shop at the school shop. They are able to do jobs ranging from simple construction to that of building farm trailer wagons.

The next stop was at the home of S. L. Simmons. Here was found a typical farm wood lot enterprise of seventy-five acres. "S. L." is learning how to inventory and evaluate the growing crop of timber. He decides what trees to cut as weed trees and which of the mature and declining trees to harvest for farm use and market. He also is planting and encouraging the re-seeding of more desirable species.

The chapter herd bull that placed

with the chapter on merit of the interest in better type of livestock in the community, by the National FFA Foundation was seen. "S. L." owns a purebred heifer, and on the farm is a good cow herd of purebred Herefords. The future hope is to improve and expand the beef enterprise on the farm. "S. L." has a registered Hampshire sow, five hundred broilers, 20 acres of barley, 1/2 acre of potatoes, and one baby beef, to complete his list of home project enterprises.

They saw one of the best farm shops to be found anywhere. This has been built and improved largely through the effort of an older brother, William Simmons, who is now shop instructor at North River. They have made more than 20 trailer wagons during past year. One masterpiece of construction was a grain and hay elevator that would not be exchanged for some of the best that can be bought.

The next stop was at the home of Harry Fadley. They visited his baby beef which consisted of a calf won in a state-wide judging contest on the H. B. Thompson farm near Lynchburg last fall. The calf is a beautiful animal and we believe he

will make a good showing in the spring fat calf and livestock show to be held in Staunton in April. Harry's other projects consist of a Registered Hampshire brood sow, eight acres of wheat, and eight acres of barley.

The North River Chapter has an enrollment of 90 boys which is the second largest in the county and eighth largest in the state. The chapter has planned more than 50 worthy objectives in its program of work which correlates with the objectives of the National organization. The chapter has endeavored to emphasize forestry and good pasture management among their corp enterprises. About one half of the land on the home farms is in pasture and about one fourth is in farm woods.

The big project for this year at North River is the improvements being made in the shop and department. The shop at North River has the usual equipment found in an agricultural shop with a unit added for tractor maintenance consisting of all the tools and equipment recommended for such a unit of shop instruction.

Boys are taught elementary elec-

tricity, are and acetylene welding in the school shop.

In federation activities North River sponsored a poultry judging contest and bought a car of seed potatoes for the Augusta and Highland counties. In this purchase of certified seed they stressed a new variety of potato, the Kennebec. After distributing the experimental data on this new potato, the chapter received orders for and distributed throughout the two counties one hundred and thirty-five bushels of Kennebec seed potatoes.

Most of the seed is being planted in small amounts for observation. The majority of the potatoes grown consist of Irish cobbler, Katahdin and Green Mountain.

The project visit proved to create enough interest to warrant another in the near future. The projects of Herbert Simmons, Guy Rawley and Richard Reeves will be the next observed. Richard was declared the star chapter farmer for 1950, and Herbert Simmons along with Richard and Paul Huffman will apply for the State Farm degree this spring. Guy Rawley has had an excellent poultry project.

North River P-TA Talks Of Planting

The North River P-TA met in the high school for its regular meeting Monday evening. Even though the weather was inclement, there was a good attendance.

The business session was presided over by the president, Mr. Russell Baylor. He presented the matter of sending delegates to the annual P-TA meeting which is to be at Natural Bridge the first week in May. Plans for having delegates go were made. The box supper sponsored by the P-TA March 16 was reported as a social and financial success. The committee which has been working for a time on the planting of shrubbery was ready with a report in that on the same day an effective display of boxwood and other plantings had been made in the front of the high school building. The original planting were large and beautiful but had grown out of control and were entirely covering the flagstone walks on either side of the entrance.

The committee working on serving new dishes and utensils for the school cafeteria reported that several church groups and clubs in the community have given donations of money that is now being used to buy this equipment. The P-TA is also sponsoring this project. The P-TA, Ruritan and FFA groups have sponsored the shrubbery project.

The program for the evening was taken care of by the dramatic club presenting the one-act play, "Never Again." This group of actors are: Miss Anita Puffenberger, Mr. Charles Daniel Garber, Miss Betty Kiracofe, and Mr. F. L. Michael. They placed first in the competition in their literary district and received "superior" rating in the competitive presentation at Charlottesville last week.

FFA 'A' Team Wins Cup In Poultry Contest

For excelling in poultry judging, the "A" team of North River's FFA chapter was awarded a cup by W. M. Payne, vice president of the Augusta Coop Farm Bureau yesterday at Mt. Solon. Mr. Payne also presented prizes to winners of the coop quiz contest held several months ago.

Members and students of farm clubs and agricultural schools participated in the contest which included judging tests of laying and breeding hens and candling of eggs.

North River's "A" team won in a field of ten entries, the next four

finishing in the following order: North River "B", Wilson Memorial "A", Churchville, and Spottswood.

High scoring boys in the order of points were Richard Reeves, North River "A"; Donnie Shull, North River "A"; J. C. Bodkin, North River "B"; Hunter Mabry, Wilson Memorial "A"; Lyle Shaver, Wilson Memorial "B"; Ray Michael, North River "A"; Richard Collins, Churchville; Paul Diehl, North River "A"; William Leach, Wilson Memorial "A"; S. A. Lockridge, Churchville.

Hereford Bull Is Assigned To North River FFA Unit

One of 50 registered Hereford bull calves recently donated to the Virginia Association of Future Farmers of America by Sears Roebuck Foundation, Inc., has been assigned to the North River High School chapter.

The chapter has assigned the bull to S. L. Simmons, sophomore vocational agriculture student at the school and chapter member.

Boys' Basketball Team

Standing: Richard Reeves, Paul Diehl, Donnie Shull, Donnie Evers, Leslie Landes, George Ware, Ray Glick, Billy Blair, Rolland Hunter, Paul Huffman, Donnie Wheeler.
Seated: Eugene Cupp, Bobby Baylor, Bobby Good, James Wichael, Mr. Cupp, Paul Wichael, Charles Garber, Dee Howdyshell.

In spite of its record of 5 wins against 12 losses, North River was very proud of its boys' basketball team. Many of the losses were very close and the Rockets were never beaten until the final whistle had sounded.

The Rockets displayed good sportsmanship and fair play on all occasions, whether winning or losing. The Rockets were in there trying no matter what the score.

As all of last year's championship team graduated, Mr. Cupp had to build an entire new team. This team was composed largely of sophomores and juniors.

It is felt that the experience gained this year will make them strong contenders in District N competition in seasons to come.

Standing: Doris Ann Craun, Bernice Will, Eddie Moneymaker, Dorothy Wright, Mary Jo Maxwell, Charlotte Weekly, Elizabeth Ann Armstrong, Phyllis Lambert, Charlotte Halterman Bertha Moneymaker.

Seated: Betty Sheets, Mr. Cupp, Mary Shull.

Absent: Doris Smiley.

The Rockettes ended their season of 1950-51 with 5 wins and 12 losses.

Under the able direction of Coach Cupp, the Rockettes, although they suffered many setbacks, were permitted to enter the tournament held at Lee High, February 22-23. They captured third place in the District N School League games. The girls showed great resistance in this game, but lost to Mt. Sidney. The final score being 29-16.

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed enormous industrial vitality and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

YEARS OF EXPERIENCE HAVE TAUGHT US! PRINTING PAYS US ONLY WHEN IT PAYS YOU!
